Subject: Another email from former EPA health physicist documenting scan results Bldg 364, peanut spill area, etc.
Attachments: Steve Dean Scan Bldg 364 4-2001.pdf

Last winter, you had asked all regulatory agencies for any documentation of independent rad field measurements. I think I sent you 4 pdf's. While looking for something else, I just discovered another memo that may be useful, and I'm not sure I sent it earlier. If not, then I apologize for the delay in sending it.
